October, 2024

To: All Domino Foods, Inc. Valued Customers:

In response to customer inquiries regarding product sourcing information for Tagatose sweetener, please be advised that the Tagatose distributed by Domino Foods, Inc. is manufactured in the USA.

While Maltodextrin, derived from corn (*Zea mays* L.) and sourced from the USA, is used as a raw material in the manufacture of Tagatose, Maltodextrin and *Zea mays* L. are not present in the final Tagatose sweetener product.

We trust this information is sufficient. Should you require additional information, please feel free to contact us at [QualityDocs-NA@asr-group.com](mailto:QualityDocs-NA@asr-group.com).

Sincerely,

S. Michael Burchell
